

Subscription Form

for the *International Journal of High-Rise Buildings*

The **International Journal of High-Rise Buildings** is a quarterly Journal which aims to provide an international forum for a broad range of technical papers on tall building research and its applications. The Journal aims to contribute to solving or mitigating global and local problems by collecting new ideas and reports about developments from around the world.

The scope of the Journal includes, but is not limited to, the areas of high-rise building construction:

- Architectural Planning & Design
- Construction Technology
- Structural Engineering
- Sustainability / Energy Saving / MEP
- Urban Planning & Design

See Subscription Service details below.
